2024 Annual General Meeting

Winnipeg, Manitoba

SATURDAY, OCTOBER 5TH, 2024

Winnipeg, Manitoba.

The E.R.I. Group held their 2024 Annual General Meeting and Directors Meeting at the fabulous Fairmont Hotel in Winnipeg, Manitoba. The weekend also included an OPEN HOUSE on Sunday, October 6th, at I.P.W. Winnipeg, the latest distribution facility that E.R.I. added to their network earlier in the year!

As tradition would have it, our Saturday meetings were followed by an evening cocktail reception and dinner social function attended by E.R.I. group members, alumni, and staff to include their spouses. Following dinner, the E.R.I. Group Chairman of the Board, Rick Miller, presented awards to attending staff to include Quarter Million Dollar Club Attendees.

The E.R.I. Group Chairman, Rick Miller.

The first Quarter Million Dollar Club Award plaque was presented to Mr. Leo Feeleus, Winnipeg, Manitoba based owner and operator of Winnipeg Engine Rebuilding, a first-time winner of this award. The second Quarter Million Dollar Club Award plaque was presented to Mr. George Brazier, Headingly, Manitoba based owner and operator of Brazier Race and Machine.

Chairman Miller also announced Wesley Industrial Machine Shop Ltd., from Winnipeg, Manitoba, was also a recipient of the Quarter Million Dollar Award, but unfortunately, they were not able to attend the evening to accept.

We congratulate the noted winners of "The E.R.I. Group Quarter Million Dollar Club Award". The E.R.I. Group will announce more award winners from other provinces later in the year ahead.

The V. Barclay Upton Memorial Award is presented annually to the highest performing E.R.I. Service Team Member, being presented by our previous Service Team Leader, Doug Hall to Norm Dumka. Norm was the former co-owner of Parkland Engine Rebuilding in Yorkton, Saskatchewan. Norm is now in his 6th year with the Service Team calling on all E.R.I. members in Saskatchewan. Special guest Liz Upton was in attendance as the award was presented.

Jim Siemens of Precise Automotive Ltd., E.R.I. Service Team Member Doug Hall, E.R.I. Operations Manager Matt Bauer, Michel Pepin of Atelier de Mécanique Bouffard Inc., Marc Arsenault of Arsenault Cylinder Heads Ltd., and The E.R.I. Chairman of the Board Rick Miller.

The five course dinner at the Fairmont Winnipeg was wonderful! The main course, as it often does, featured delicious Prime Rib and all of the attendees enjoyed the complimentary evening making new acquaintances and renewing old acquaintances. If you have never attended one of our Spring or Fall meetings hosted near you, we encourage you to attend next time around. As always, the venue provides a great opportunity to meet, chat and connect with fellow members, to include E.R.I. and I.P.W. staff. (additional pictures below from our fun evening).
